The Simpsons fan community

ESE Group 5: Aeschbacher - de Gottardi - Gaumez - Moudi - Paulin - Posada

Nr_01	User reviews	Priority
As a member (admin) of a Simpsons fan community I need a web platform where people (fan) can share their opinions about the episodes.		
☑	Functional requirements	
☐	Non-functional requirements	

Nr_02	Login	Priority
As a user/admin I can log in to the application by entering my username or e-mail and password.		
☑	Functional requirements	
☐	Non-functional requirements	

Nr_03	Registration	Priority
As a user/fan I can register in the application by entering my full name, address, birthday, phone number, username, e-mail and password.		
☑	Functional requirements	
☐	Non-functional requirements	

Nr_04	Content visualisation		Priority
As a guest/user/admin of the fans website I should be able to view the content of the platform depending on my assigned profile.			
☑	Functional requirements		
☐	Non-functional requirements		

Nr_05	Comments		Priority
The platform must control that only registered users can comment on the content of the fans website.			
☐	Functional requirements		
☑	Non-functional requirements		

Nr_06	Availability		Priority
As a user/fan I want to be able to use this website 99% of the time.			
☐	Functional requirements		
☑	Non-functional requirements		

Nr_07	Deleting Posts		Priority
As an admin I should be able to delete posts from logged in users and give the user feedback on why their post got deleted. So that I can control what is shared on the website.			
☑	Functional requirements		
☐	Non-functional requirements		

Nr_08	Live-feed	Priority
As a user I want to see posts of other users within seconds after they posted it.
